

MINUTES FOR MEETING FOR CITIZENS FOR SAN ANDREAS
December 10, 2007

Jim Kavanagh opened the meeting by sharing his conversation with Jim Cuntner (postmaster at S.A.) about why so many residents do not have home delivery. Tim Mc Sorley from COG had brought this subject up and suggested that the use of cluster boxes might help to minimize traffic, not only at the PO but around town too. After some discussion, everyone agreed that Jim will write this suggestion up as a goal or objective in our community plan to help solve the problem of heavy traffic at certain times now and in the future.

Nathan Atherstone from Calaveras County Public Works has informed us that San Andreas will be a Benefit Basin in February. He will come to a future meeting to explain that to us again.

Pat Guttman presented her Vision Statement for San Andreas. She stated that she used our surveys to help in drafting it. We all agreed it was a very good, usable statement. And after hashing it around a little, a few minor changes were suggested she make.

Diane Keane reported the results of the map meeting on Monday the 10th. There is still a lot more work to be done on it.

Next meeting Thursday January 10 at Oak Shadows.

Warm regards,

Barbara Kavanagh
